Professional Summary

Passionate and detail-oriented MERN-Stack and Python Developer with hands-on experience in designing and developing responsive web applications, AI-powered solutions, and collaborative software projects. Strong foundation in Python, ReactJS, Node.js, Express.js, Data Structures, Object-Oriented Programming, Database Management Systems, and MongoDB. Passionate about solving real-world problems through technology and continuously learning modern development tools and frameworks.

Technical Skills

Programming Languages	Java , Python, JavaScript ,.NET
Frontend	React, Tailwind CSS
Backend	Node.js, Express.js
Database	MongoDB, PostgreSQL
Tools	Git, GitHub, GitBash, Antigravity, VS Code, Android Studio

Education

Bachelor of Computer Applications (BCA) Babu Banarasi Das University, Lucknow	2024 – 2027
• Semester I SGPA: 8.38 — Semester II SGPA: 9.00	
• Semester III SGPA: 8.81 — Semester IV SGPA: 8.81(Onwards)	
Minor in Artificial Intelligence Indian Institute of Technology (IIT) Mandi	2025 – Present
• Currently pursuing a Minor in AI and ML course focusing on Machine Learning, Deep Learning, AI Fundamentals, and Practical AI Applications.	
Higher Secondary (Class XII) Percentage: 79.2%	2023
Secondary (Class X) Percentage: 82.2%	2021

Personal Projects

Portfolio Website Designed and developed a fully responsive personal portfolio website using the MERN stack, with a secure admin dashboard. Implemented dynamic project management, blog management, skills management, and contact message handling using MongoDB, along with JWT-based authentication and email notifications.	<i>GitHub</i>
• Technologies: React, Tailwind CSS, Node.js, Express.js, MongoDB	
Calculator Web App Built a functional calculator web application supporting standard arithmetic operations with a clean, user-friendly interface. Marks one of the earliest hands-on projects in the web development journey.	<i>GitHub</i>
• Technologies: HTML, CSS, JavaScript	
Salary Prediction App Building a machine learning-based web application to predict salaries using employee and job-related data, with an interactive Streamlit interface for real-time predictions.	<i>GitHub (Ongoing)</i>
• Technologies: Python, Streamlit, Machine Learning	

Collaboration Projects

Kanoon-Mate AI-powered Legal Navigation Platform developed during a Hackathon.	<i>Hackathon Project</i>
• Features: Advocate Recommendation, AI Legal Guidance, Budget-based Advocate Search, Location-based Filtering, Document Recommendation, Legal Process Assistance	
• Contribution: Frontend Development, UI/UX Design, Team Collaboration, Project Presentation	
SmartMess Hostel Mess Management System developed during a 24-hour Hackathon.	<i>24-Hour Hackathon Project</i>

- **Features:** Meal Tracking, Complaint Management, Attendance System, Analytics Dashboard
- **Contribution:** Frontend Development, Database Integration, Presentation, Team Collaboration

Smart LMS

[GitHub](#)

Collaborated on a MERN stack-based Learning Management System designed to streamline course management, student enrollment, and academic content delivery.

- **Technologies:** React, Node.js, Express.js, MongoDB
- **Contribution:** Frontend Development, Team Collaboration

Hackathons

- **Kanoon-Mate Hackathon** – Developed an AI-powered Legal Assistance Platform with teammates.
- **TechX26 24-Hour Hackathon** – Developed SmartMess Hostel Management System under limited time with collaborative teamwork.
- **Kalpathon: Coding-based Hackathon** – Participated under Akhil Jyot 2025, organized by BBD University in association with IEEE Computational Intelligence Society, UP Section (April 2025).
- **xto10x Hackathon Edition #3 by Masai** – Participated in the hackathon, showcasing problem-solving and coding skills.

Certificates

- **AI and ML Minor Course (IIT Mandi)** – Indian Institute of Technology (IIT) Mandi - Minor in AI and ML(OnGoing).
- **Kanoon-Mate Hackathon Participation Certificate** – Successfully participated in the Kanoon-Mate Hackathon.
- **TechX26 Hackathon Participation Certificate** – Successfully participated in the 24-Hour TechX26 Hackathon.
- **Launch Pad: Startup Screening – Participation Certificate** – School of Computer Applications, Babu Banarasi Das University (30th January, 2026).
- **Kalpathon: Coding-based Hackathon – Participation Certificate** – BBD University, under Akhil Jyot 2025 (12th April, 2025).
- **xto10x Hackathon Edition #3 – Participation Certificate** – Masai School organised the Hackathon in the collaboration of IIT Mandi.

Profiles

- **Portfolio:** ydevansh.vercel.app
- **LinkedIn:** linkedin.com/in/ydevansh
- **LeetCode:** leetcode.com/u/ydevansh

Positions of Responsibility

Class Representative (CR)

2024 – Present (3 Years)

Babu Banarasi Das University, Lucknow

- Serving as the elected Class Representative for the BCA program, acting as the primary liaison between students and faculty.
- Coordinating academic schedules, communicating important announcements, and resolving student concerns.
- Demonstrated consistent leadership, responsibility, and organizational skills over multiple academic years.

Soft Skills

Problem Solving • Team Collaboration • Communication • Leadership • Time Management • Adaptability • Critical Thinking

Hobbies

Playing Cricket • Singing • Exploring Artificial Intelligence • Building Full-Stack Applications • Participating in Hackathons

Languages

English • Hindi
